

TOP SECRET

DAILY STAFF MEETING

Wednesday, 11 July 1951

Mr. Reber reported that he had had a conversation with Colonel Sykes, General Bolling's Executive Officer, in regard to one of the outstanding CIA - G-2 controversies, i.e. Scientific and Technical Intelligence. There will be various personnel changes in G-2 after 15 July and Mr. Reber believes that the tension will be considerably eased.

Mr. Reber reported that there will be a meeting of all collectors this afternoon to discuss the intelligence gaps in NIE 32 and also to go over [redacted] logistic build-up requirements.
